EU Update: Poland and Malta Restricted Substances and Product Take-Back

Published May 16, 2007

Directive 2002/95/EC on the Restriction of certain Hazardous Substances Directive (RoHS) and Directive 2002/96/EC on Waste Electrical and Electronic Equipment (WEEE) are in force across all 25 EU member states.

In light of these developments, EIATRACK has been updating a substantial amount of EU member states country reports on Product Take-Back and Chemical Restrictions.
